

# 3M | Ceramic Coating

## The science of shine.

**Advanced technology for a premium finish.**

This is where groundbreaking science and real-world performance combine. A professional ceramic coating that's easy to apply, with a fast-cure formula for same-day service. Our treatment helps enrich paint gloss and shine, for a durable new-polish look that will last.

## 3M™ Ceramic Coating

### Simplified application.

- Cures quickly with no special equipment, allowing for same-day service
- 100% active ingredients and low-VOC formula with no carrier solvents or strong vapors/odors
- One formula for use on multiple surfaces, including metal, plastic trim, glass and wheels
- Unique applicator system for ease of coverage

### Premium performance.

- Long-lasting coating with excellent water beading
- High-gloss shine maintains new-polish “wet look”
- Durable chemical resistance stands up to salt, acid rain, tree sap and more
- Extremely slick surface allows for easier removal of dirt and debris

### Treatment options

**Deluxe** (one layer) — Lasts up to 3 years with regularly scheduled maintenance

**Premier** (two layers) — Lasts up to 5 years with regularly scheduled maintenance

## Engineered to lead the industry.

	Application Time < 2 hrs.	Low VOC/ Low Odor	Slickness < 0.1 Coefficient of Friction (CoF)	Initial Receding Contact Angle ≥ 100	Receding Contact Angle Post-Scrub ≥ 100	Durability Static Contact Angle (SCA) ≥ 90 After 1 Year
