

3M™ Scotchshield™ Security Window Film S2400

Setting a new benchmark for break and entry building window film

Benefits

- ▶ Helps to increase security and provide extra time against smash and grab burglaries.
- ▶ Can help delay intruders and provide extra response time by slowing the intruder down.
- ▶ Helps prevent flying glass shards in intentional and accidental explosions (only for application in non-educational government facilities & commercial buildings).
- ▶ Its polyurethane construction provides greater tear strength and elongation than PET resin films (of similar thickness) allowing the film to absorb impact.
- ▶ Helps meet many industry performance standards for glass fragment retention.
- ▶ Comprehensive warranty from 3M.

IMPORTANT: 3M™ Scotchshield™ Security Window Film S2400 must be installed with the 3M™ Impact Protection Attachment (IPA) Sealant for all applications.

IMPORTANT: This is an overview of product features and benefits. Prior to product selection, always refer to the current 3M Technical Data Sheet and 3M Technical Specifications for more detailed product information. Customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application. Failure to properly evaluate, select, and use a 3M product may result in injury, sickness, death, and/or harm to property. This product is not approved in the State of Florida for use as hurricane, windstorm, or impact protection from wind-borne debris from a hurricane or windstorm.

CAUTION: While 3M™ Window Films, when applied in accordance with 3M instructions, may help reduce the impact of flying glass shards under certain conditions and potentially delay intruders, THESE FILMS DO NOT PREVENT PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH. WINDOW FILMS ARE NOT BULLETPROOF AND NOT DESIGNED TO STOP INTRUDERS.
