"Super Stretch has changed the Windshield Protection Film industry. Installation takes 20 minutes max. I have customers wanting it on Jeeps, Broncos, and luxury vehicles and they're not shying away from the price—starting at \$499 all the way up to \$799."

LUIS HENRIQUEZ, TINT PRO (NJ)

Important Information

- Please contact the vehicle manufacturer to verify that the addition of windshield protection film does not interfere with any ADAS or onboard systems such as anti-collision, lane departure, auto pilot, and others.
- Please check and adhere to all local, state, and federal laws regarding the legality of windshield protection film installation.
- Windshield protection film is temporary in nature and clarity will diminish over time. Remove the film as soon as visibility is compromised.
